

Jim, his wife, and band provided music and square dancing instruction for my husband's 60th birthday party. People attending were between the ages of 3 and 89 and dancing was enjoyed by everyone interested. They did a great job helping everyone have a really fun time. The music was delightful and the dancing was lively. I even had texts from party attendees the next day saying how much fun they had and what a great idea it was to have a square dance. Thank you, Jim! ~ Pam D.
